Information about the Log Book

Liability Insurance:

We suggest you to take a liability insurance already **during** the training in Aquatic Bodywork.

Procedure to receive the diploma:

When all the required modules are completed, send a copy (not the original) of your logbook, with all your certificates and diplomas to Arjana (Belgium). This can be done by post or by mail.

For the land modules, send the copies of the certificates of attendance in **chronological order**. They need to contain the following information: organizer and method of the class, date, place, the teacher's name, and amount of hours.

WATA Diploma:

If you have completed all the required modules, you will receive your WATA diploma within a month. The fee is 40 € per diploma.

As a WATA practitioner, you can charge your sessions and use the name WasserTanzen, WaterDance and/or WATA, as well as the official logo.

You are not allowed to teach WATA or WaterDance classes.
